REQUEST FOR CERTIFICATE OF CORRECTION – APPLICANT MISTAKE

Dear Sir:

Upon proofreading the sealed patent, the patentee noticed an error in the printed patent due to a mistake by the patentee. In accordance with 35 U.S.C. § 255, patentee requests a Certificate of Correction.

Upon proofreading the sealed patent, the patentee noticed an error in the name of the assignee. This error occurred in good faith and correction of the same would not involve changes in the patent that would constitute new matter or would require reexamination. The assignees' name is correct in the Notice of Recordations of Assignment document. The error occurred on the Issue Fee Transmittal form.

The error that occurred is that an assignee was omitted; Juridical Foundation The Chemo-Sero-Therapeutic Research Institute is a co-assignee with Mitsubishi Chemical Medience Corporation, into which Mitsubishi Kagaku Iatron, Inc. was previously merged. The correct ownership was not reflected on the Issue Fee Transmittal form. The Notice of Recordations showing the assignment from the inventors to the two companies and the Notice of Recordation showing the merger are attached.

Enclosed herewith is a proposed Certificate of Correction incorporating an amendment to correct the error. The Commissioner is hereby authorized to charge the fee under 37 CFR 1.20(a), which is \$100 to Deposit Account No. 08-193 and any other fees that may have been overlooked to cover the cost of the Certificate.

A Petition under 37 CFR 3.81(b) requesting this correction is also being filed along with the payment of the required fee of \$130, a copy of the Petition is also attached.

The patentee respectfully requests the granting of a Certificate of Correction.

Respectfully submitted,

Kathy Smith Dias
